

## WAR SCARCELY AVOIDABLE NOW

English and Dutch Are  
Likely to Clash

SITUATION IN SOUTH AMERICA  
GROWING WORSE.

Business At Cape Town Is Paralyzed—

Rumors of War Strengthened By the  
News that Orange Free State Is  
Arming Soldiers and Has Appropri-  
ated \$150,000 For Military Supplies  
and Ammunition.—In Event of Con-  
certed Action For Independence, the  
British Would Be in Precarious Posi-  
tion, As Dutch at Cape Outnumber  
Them.

Cape Town, June 24.—[Special].—  
Alarm over the Transvaal situation is  
rapidly growing and business is para-  
lyzed.

The original cause of the crisis was  
between England and Kruger. The  
grievance of the Uitlanders in Transvaal  
is sliding into the back ground and the  
British mind is now agitated by the  
rumors of a general war for the inde-  
pendence of South Africa.

These are strengthened by the news  
that Orange Free State is arming soldiers  
and has appropriated one hundred and  
fifty thousand dollars for military sup-  
plies and ammunition.

In the event of a concerted action for  
independence, the English position  
would be precarious.

The Dutch at Cape who outnumber  
the British and control the Cape par-  
liament are growing very restless.  
It is claimed that Cecil Rhodes is  
scheming to introduce a measure to  
annoy the Dutch, as England oppressed  
the Americans previous to revolution.

The suspicions of the Dutch only in-  
crease the bitter feeling now existing.  
Peace advocates of both sides are  
striving to effect a settlement, but their  
efforts were over-shadowed.

War Scarcely Avoidable.

Berlin, June 24.—[Special].—Diplo-  
matic quarters have been informed that  
the situation in South Africa is growing  
seriously worse, and war between the  
English and Dutch is scarcely avoidable.

London, June 24.—Interviews with  
the heads of several important South  
African houses in the city show that  
all are agreed regarding the serious-  
ness of the present situation. "Since  
the beginning of the trouble," said  
one, "I have not felt so uneasy as I  
do today. All my private advices from  
Cape Town, as well as from Johannes-  
burg, insist that the condition of ten-  
sion there existing is almost intoler-  
able."

"The only hope now seems to at-  
tach itself to the efforts of the Hon.  
J. H. Hofmeyer to bring President  
Kruger to see reason. Although Krug-  
er seems to have given way lately to  
some extent, the value of the conces-  
sions he has made is not very startling,  
while I am informed by my corre-  
spondents, who are in position to  
know, that the Transvaal government  
is adding to its arguments by making  
every effort to prepare for a stubborn  
resistance."

"This confirms my belief that the  
Boers are in no mood to be bluffed by  
a mere threatening warlike demon-  
stration on the part of Great Britain.  
I am quite positive that the irrespon-  
sible section of the uitlanders would  
force the situation and provoke the  
young Boers to retaliatory measures.  
Then neither government would be  
able to control the situation."

"I think, indeed, that the future de-  
pends rather on Johannesburg than on  
Downing street or Pretoria."

Not a Real Concession.

London, June 24.—The Standard  
publishes a dispatch from Johannes-  
burg explaining that the adding of four  
seats to the representation of the gold-  
fields in the raad will not be a real  
concession, because the uitlanders will  
still be without power to vote. There  
is an impression, however, according  
to the Standard's correspondent, that  
President Kruger may yet yield enough  
to avoid a crisis.

Orange Free State Arming.

Bloemfontein, Orange Free State,  
June 24.—The Raad has voted \$11,500  
to increase the artillery and to meet  
other military expenditures. The  
Maunder was adopted as the national  
rifle. A debate on the question of ap-  
propriating \$12,000 for the purchase of  
ammunition was adjourned.

British Cruiser Goes Eastward.

Cape Town, June 24.—The British  
second-class cruiser Doris, with Rear-  
Admiral Sir Robert Hastings Harris,  
commander-in-chief of the Cape of  
Good Hope and West African squad-  
rons, left Simons bay Friday for the  
east coast.

Denial from Chamberlain.

London, June 24.—The secretary of  
state for the colonies, Joseph Cham-  
berlain, in the house of commons, in  
answering a question, denied the gov-  
ernment was re-enforcing the British  
troops in South Africa to a total of  
40,000 men.

## LOCAL ATTORNEYS AT RACINE

Arguing Case of Giles Burt vs. Archie  
Woodard.

At Racine this week before Judge  
Fish local attorneys have been argu-  
ing the case of Giles Burt vs. Archie Wood-  
ard.

The case is an appealed one from the  
Rock county circuit court and the in-  
terested parties reside in Clinton.

The action involves the title to a  
farm valued at \$4,000 that was attached  
by the defendant to secure three judg-  
ments with an indebtedness of over  
\$6,000.

Burt claims that forty acres of the  
homestead is exempt, he having lived  
on it over ten years.

Attorney E. D. McGowan appeared  
in behalf of the defendant and Attorney  
A. A. Jackson for the plaintiff.

## HARDIN WITHDRAWS FROM THE CONTEST

WILL NOT LOOK FOR KENTUCKY  
GUBERNATORIAL HONORS.

His Action Prevents the Threatened  
Bolt and Split in the Democratic  
Party of That State.—The Decision  
Ends a Bitter Fight Waged  
There.

Louisville, Ky., June 24.—[Special].—  
The bitter fight that has been waged in  
the state democratic convention, came to  
an end this morning when Gen. Hardin  
withdrew from the gubernatorial nomi-  
nation.

In his speech of withdrawal Hardin  
said: "I realized that the interests of  
the democratic party in Kentucky are  
at stake and believed it would be best  
for me to withdraw from the contest."

His action prevents the threatened  
bolt and split in the party.

## EVENING RACE MEETS

First of a Series Given Last Night By  
The Beloit Cycle Club at Cram's  
Park.

Beloit, Wis., June 24.—[Special].—  
The first of a series of evening race  
meetings was given last night by the  
Beloit Cycle club at Cram's park. Over  
one hundred electric lights were in use  
and the park presented a very pretty  
sight. The Beloit City band furnished  
very sweet music between each event.  
First was the mile novice in which the  
best time of the evening in mile events  
was made. It was won by Erick Beckus  
in 2:43, Frank Anderson second and  
C. F. Kennedy, third.

The two-third mile open event was  
a hot contest and John Day came in  
first, "Reddy" Gowing second and Will  
Caris third. In the 100 yard dash all  
entries withdrew except Strothers and  
Allen, Strothers winning. Time 10 2-5  
seconds.

The mile open followed and Gowing  
won, Foster second, and Caris third.  
Time 2:53.

The two-third mile costume race was  
the novelty, and afforded much fun. The  
riders rode around the track once, then  
dismounted in front of the grand stand  
and put on such articles as they found  
in bundles lying on the track, and then  
finished the race. There were three con-  
tries: Caris, Day and Beckus. Caris won  
first, Beckus second, and Day third. Time,  
2:12. The one-mile handicap was won  
by Charles Ingenuhulu, 125 yards, with  
Day 100 yards second, and Beckus 150  
yards third. Time, 2:23 2-5. The  
three-mile handicap was won by I.  
Loving, scratch, first, Beckus 225 yards,  
second, and Caris scratch, third. Time,  
8:10 3-5.

The boys' race was won by Frank  
Anderson in 2:53, the same time made  
in the mile-open; M. A. Day second, and  
Charles Gardner third.

In the boys' race Dan Holcomb col-  
lided with a fellow racer and was badly  
bruised, but no bones were broken.

## KILLED BY LIGHTNING

Fate of Delos Hager and Son at Syra-  
cuse, N. Y., During an Elec-  
trical Storm.

Syracuse, N. Y., June 24.—[Special].  
—During a severe electrical storm last  
night, lightning killed Delos Hager and  
his son.

Seek to Settle Scale.

Springfield, Ill., June 24.—Operators  
of machine mines in southern Illinois  
are in this city conferring with State  
Secretary-Treasurer Ryan of the United  
Mine Workers of America endeavoring  
to get a committee together to settle  
the question of differentials be-  
tween the hand and machine miners  
in the state. The operators want a  
differential of 10 cents per ton and the  
miners are willing to allow but 7 cents.  
Ten cents, however, is the differential  
being paid in the Danville district, but  
elsewhere in the state machine mines  
are running at 7 cents differential.

Sees Four Daughters Drown.

Lampasas, Texas, June 24.—Mrs. T.  
J. Lloyd, living seven miles northwest  
of this place, with her five daughters  
and a visitor, Miss Childers, went in  
bathing in a creek Friday. The three  
youngest girls went beyond their  
depth. The eldest sister and Miss  
Childers went to their rescue and all  
five were drowned. Mrs. Lloyd saved  
her other daughter only by heroic ef-  
forts. The bodies were recovered.

## FAVORS TAX LEVY FOR NEW RICHMOND

DR. EPLEY SUGGESTS THAT IT  
BE RAISED BY COUNTIES.

People of the Tornado Stricken Town  
Will Require \$350,000 and Unless It  
Is Forthcoming the City May Not  
Rise From Its Ruins.—State  
News.

Madison, Wis., June 24.—Dr. F. W.  
Epley, of New Richmond, representing  
the Business Men's association of that  
city, called on Gov. Scofield and pre-  
sented a plan, originating with the peo-  
ple of the storm stricken town, which  
provides for raising \$350,000 by the  
state for rebuilding. The money is to  
be raised among the various counties,  
each to contribute what it would have  
to be a state tax to be levied for this  
purpose, and the legislature is to be  
asked to repay the counties at the next  
session. This plan has twice been ap-  
plied in Minnesota, where \$75,000 was  
raised the year of the World's fair for  
state expenses and again in 1898, when  
\$80,000 was raised for the expense of a  
state building for the Omaha exposition.  
In both instances the Minnesota legis-  
lature levied a tax to repay the coun-  
ties. Could this plan be put into opera-  
tion here, Dr. Epley said, it would go far  
toward rebuilding New Richmond,  
though it would not meet more than a  
part of the cost.

Unless something of this kind can be  
done for the people of New Richmond,  
Dr. Epley believes, the town will not be  
rebuilt as it was before the storm. The  
people will be apt to become discouraged,  
and remove to other places, and allow  
their property at New Richmond to  
either lie idle or go for a song. Should  
the state give some substantial assist-  
ance such as is suggested, he believes  
the town would be rebuilt, and in a few  
years retain its former prosperity.

Fire in Waukesha

Waukesha, Wis., June 24.—Fire was  
set in the barn adjoining the Fox River  
house at 3 o'clock this morning, sup-  
posedly by tramps. The flames com-  
municated to the machine shop of Lad-  
ewig Bros., which was damaged to the  
extent of several hundred dollars. The  
hotel caught fire several times, and the  
loss is estimated at \$500 or \$600. The  
hotel property was not injured by fire  
except on the window casings and roof.  
The barn and about seventy-five feet of  
sheds are a total loss. Guests of the  
hotel removed their belongings to the  
office and their loss was slight. The  
hotel is owned by the Schlitz Brewing  
company, of Milwaukee, and was occu-  
pied by M. J. Wolf, local agent for the  
company. The loss is covered by insur-  
ance, that of Ladewig Bros., being held  
in the local mutual company.

University People Satisfied

Madison, Wis., June 24.—The council  
last night refused a license to Fred  
Kneaster, who conducts a saloon across  
the street from the university campus.  
The location of the saloon has long been  
objected to by university people, and at  
the last meeting of the Board of Reg-  
ents a resolution was adopted asking  
the council to refuse the license. Pres-  
ident Adams and others presented peti-  
tions also against granting the license.  
Seventy-seven licenses were granted.

Plan X. M. C. A. Homes in Cities.

Anderson, Ind., June 24.—At a state  
conference Anderson was selected as  
the place and Nov. 23 to 26 as the dates  
for the state Y. M. C. A. convention this  
year. There are many issues on  
which will make this the most impor-  
tant annual state convention yet held.  
The movement to establish and build  
Y. M. C. A. homes in all cities of 20,  
000 and over will be pushed through.

Utensil as a Whistle.

The origin of the saying, "as clean  
as a whistle," is ascribed to the "whis-  
tle tankard" of olden times, in which  
the whistle came into play when the  
tankard was emptied or "cleared out"  
to announce to the waiter that more  
liquor was required.

## DREYFUS LIKELY TO BE ACQUITTED

NO EVIDENCE CAN BE OBTAIN-  
ED AGAINST HIM.

Esterhazy Refuses to Testify Before  
Court Martial.—Special Train Ar-  
rives at Rennes and One of Four  
Men Driven to Military Prison  
Thought to Be the Accused.

Paris, June 24.—[Special].—Esterhazy  
has declined to testify before the Drey-  
fus court martial at Rennes.  
The acquittal of Dreyfus is likely be-  
cause of the fact that no evidence can  
be obtained against him.

Think Dreyfus Has Arrived.

Rennes, June 24.—[Special].—A  
special train arrived here at day break  
and four men got out and immediately  
entered a closed carriage in which they  
were driven rapidly to the military  
prison.

It is reported that one of the men  
was Captain Dreyfus, but the report  
lacks confirmation.

Taking Much Precaution.

Rennes, June 24.—[Special].—Precau-  
tions to prevent demonstrations and in-  
sure the safety of Captain Dreyfus on  
his arrival here are being doubled in  
addition to placing an extra guard  
around Dreyfus' cell and the barracks.  
Every dish of food placed on his  
table will be tasted by two guardians  
and lattice screen will be placed in front  
of Dreyfus' cell to prevent the prisoner  
from communicating with outside peo-  
ple.

The socialists here have organized to  
assist the troops in case any attack is  
made on the prison.

## ANCIENT BALL SCORE CARD

Janesville Mutuals Defeated the Red  
Caps Of St. Paul.

Ex-Alderman S. C. Burnham is in  
possession of an old base ball score card  
that he found at his home this week that  
bears the date of Wednesday, August 30,  
1876.

This card notes a game between the  
Red Caps of St. Paul and the Mutuals  
of Janesville, the latter winning by a  
score of 12 to 10.

The game took place on the piece of  
triangular ground east of Dr. J. B. Whit-  
ting's home.

Among the Janesville players was

being at third base.

Edwards and Leslie formed the home

## FARMERS HASTENING '99 TOBACCO CROP

MAJOR PART WILL BE IN THE  
GROUND BY CLOSE OF WEEK

Conditions of Both Soil and Weather  
Continue Favorable.—Business in  
Old Stock Decidedly Quiet at Pres-  
ent.—No Sale From First Hands Re-  
ported.

The '99 crop of tobacco is going into  
the fields with all possible dispatch these  
days, and by the close of the week  
probably the major part will be trans-  
planted. The conditions of both soil  
and weather continue favorable to secur-  
ing a good stand in the fields, and the  
early set has taken good root and is well  
started. With an abundance of plants  
everywhere the growers ought to be  
able to finish planting the crop in all  
sections before July 1st, in which event  
it will be in the fields at the usual date  
for this work.

The Edgerton Reporter in speaking  
of the tobacco market has the following  
to say:

"Business in old stock is decidedly  
quiet at present. We can learn of no  
sales from first hands and transactions  
among packers that have come to notice  
embrace only the sale of 175cs by C. L.  
Culton and 165cs by John Souhaman, of  
Janesville, to Underhill.

"The shipments out of storage reach  
20 car loads, 900cs, from this station to  
all points for the week. Since last re-  
port 1,165cs of cigar leaf were exported  
from New York.

Gives Up Command of the Gunboat  
Wilmington—Not Caused By  
Recent Discourtesy.

Washington, June 24.—[Special].—  
Commander Todd has been relieved of  
command of the gunboat Wilmington  
which recently sailed up the Amazon.

It is not believed the relief is due to  
the trouble caused by cruises during  
which a gross discourtesy was offered  
the Wilmington and which was the sub-  
ject of negotiations between Brazil and  
the United States.

Brazil will undoubtedly make due  
reparation.

## ALGER AND PINGREE FORM AN ALLIANCE

SUCH IS THE OPINION EX-  
PRESSED AT WASHINGTON.

If True, It Will Make the Former's  
Retention in Cabinet More Difficult  
Than Ever—Must Bring New Po-  
litical Partner to Support of Admin-  
istration.

Washington, June 24.—[Special].—  
The opinion is expressed here that Sec-  
retary Alger's political alliance with  
Gov. Pingree of Michigan, will make his  
retention in the cabinet far more difficult  
than ever.

Pingree has been regarded as the head  
of the anti-administration faction in  
Michigan and unless Secretary Alger  
can bring his new political partner  
around to earnestly support the admin-  
istration, it is difficult to see how Pres-  
ident McKinley can afford to retain him  
in the cabinet.

Nearly All of the First Grade Bikes  
Will Bear the Trademark of the  
New Concern—Promoters Say That  
the New Arrangement Is An Excel-  
lent One.

Many Janesville wheelmen will have  
to ride "trust machines" if they make  
themselves presents of new mounts next  
season.

The trust of bicycle manufacturers of  
the country, which has been in forma-  
tion for the past three or four months,  
was practically consummated under the  
name of the American Bicycle company,  
at a meeting of bicycle manufacturers  
held at the Waldorf Astoria, in New  
York yesterday. The trust is to have a  
capital of \$80,000,000.

A. G. Spaulding, of Chicago, and  
New York, who has been most active in  
bringing about the consolidation of the  
bicycle factories, will probably be presi-  
dent of the trust. Milwaukeeans inter-  
ested in the enterprise say, George  
Day, of the Pope Manufacturing com-  
pany, is likely to be general manager.  
At least one Milwaukeean, A. D. Meisel-  
bach, will hold an important position,  
on the so called manufacturing commit-  
tee. The Meiselbach factory, with an  
output of 100,000 wheels annually, the  
Milwaukee Engineering company, with  
an output of 25,000 wheels annually,  
the C. J. Smith & Sons company, manu-  
facturers of bicycle parts, and probab-  
ly the Milwaukee Manufacturing com-  
pany, with an annual output of 25,000  
wheels, will be in the trust.

These companies, said W. G. Stark-  
weather yesterday, were represented at  
the meeting in New York yesterday by  
T. H. Hoyt of the Milwaukee Manufac-  
turing company, W. H. Starkweather and  
J. H. Douman, of the Milwaukee En-  
gineering company, C. S. Smith of the  
C. J. Smith & Sons company, North  
Milwaukee.

Advantages of the Combine.

"I think this combination will be a  
splendid thing for the bicycle business  
of the country," said W. G. Stark-  
weather of the Milwaukee Engineering  
company, to a Sentinel reporter yester-  
day. "I consider it so because it will  
systematize the business, both in pro-  
duction, buying, selling, distribution  
and in other ways, and result in much  
economy of operation. Instead of clos-  
ing down the local factories in certain  
seasons, the factories are run with the  
regular force all the year round, and it  
is expected that the factories in the  
combine will turn out 1,000,000 a year,  
or two-thirds of the entire American  
product, the total output of the country  
being now 1,500,000 wheels a year. It  
is expected that about forty of the larg-  
est manufacturers of the country will  
enter the combine."

"I expect that the transfer of the local  
properties will take place about August  
1. It will be a cash transaction,  
although the larger manufacturers will  
be given an opportunity to underwrite  
their stocks and retain interests in their  
combine. I should say that the local  
plants in the combine were worth ap-  
proximately \$250,000. The local plants  
were all appraised and examined  
by experts two months ago."

Members of the Combine

This is a list of the bicycle manu-  
facturing concerns, which, it is said,

WALKING DOWN OF FUSTIAN FROM HARPER'S BAZAR

A model garment that follows the de-  
sign of a handsome gown recently built  
by Paquin and published in Harper's  
Bazar, has a long tunic, finished at the  
lower edge by square scallops that lap  
over flat flounces similarly finished and  
applied to the lower skirt. The skirts  
are sheathlike and close in a closely  
hooked seam in the centre of the back.  
The tunic jacket meets the skirt about  
the waist line and closes over a suggested  
vest attached to left side at the front of  
the jacket. The latter is fitted to the  
form by single darts on each side. The  
original model was of gray fustian, a  
heavy cotton cloth. The Greek scallops  
were outlined with blue taffeta and  
edged with dark blue ribbon velvet.

The ornaments upon the waist were of  
blue taffeta, edged with narrow blue  
satin ribbon shirred. The turnover col-  
lar and piping about the waist-line were  
of dark blue velvet, and the cuffs of the  
sheath-sleeves were trimmed like the  
fronts of the jacket. The introduced  
vest was a band of ochre yellow cloth  
embroidered with gold thread and blue  
chenille figures. The costume would be  
effective if rendered in any medium  
weight cloth, and trimmed with military  
braid, with Persian embroidery vest.  
To make this costume of cloth 45  
inches wide over a sham skirt of silk,  
7 1/2 yards will be required. Of taffeta  
silk for the sham skirt, 9 yards will be  
required.

OREGONS EASILY DEFEATED

Janesville Y. M. C. A. Team Victorious  
by Score of 7 to 2.

A fair sized crowd gathered at Ath-  
letic park yesterday afternoon to witness  
the ball game between the local Y. M.  
C. A. and Oregon teams, the former  
proving the victors, winning by a score  
of 7 to 2.

Adkins, the wondrous sphere twirler, re-  
tired fifteen of the Oregonites to the  
bench on strikes, in fact only five hits  
were made off his delivery.

Notwithstanding the fact that the bat-  
tery and fielders of the Oregon team  
were from the state university, they were  
easily defeated, and would have been  
shut out completely had it not been for  
an error.

The game was very interesting, and  
enjoyed by the spectators. Following  
is the official score:

BOY'S DEATH WAS ACCIDENTAL

Verdict of Coroner's Jury in the Case of  
Floyd Jones.

A coroner's jury held an inquest over  
the remains of Floyd Jones at the farm  
of John A. Jones in the town of Em-  
er and Grove yesterday afternoon at 2  
o'clock.

Justice L. F. Patten issued subpoenas  
for a coroner's jury, and Sheriff Appleby  
summoned a jury consisting of neigh-  
bors of Mr. Jones and the jury after  
listening to the testimony soon brought  
in a verdict of accidental death.

An account of the death appeared in  
yesterday's Gazette. It was at first  
supposed that it was a case of suicide,  
but no cause could be assigned for such  
a rash act and later developments went  
to prove to the satisfaction of the mem-  
bers of the jury that the sad affair was in  
accordance with their verdict.

The funeral will be held tomorrow  
morning from the house at 10 o'clock.

JOHN BURKE ILL AT NUNDA

The Alleged Santiago Hero, Who Was  
Here Several Weeks.

Joseph McKeivitt of this city, is in re-  
ceipt of a postal card of inquiry regard-  
ing John Burke, the alleged Santiago  
hero who worked several tender hearted  
citizens here last February, and suddenly  
left town.

The postal was from G. L. Hubbard,  
landlord of a hotel at Nunda, Ill., who is  
anxious to know who Burke is and all  
about him.

When Burke arrived here he was ap-  
parently a very sick man and stated  
that he was shot in the back while tak-  
ing part in the battle of Santiago.

That he was ill there was no question  
for he looked more dead than alive.

Whether he took part in any Spanish  
battles is another question.

When Burke left Janesville he left be-  
hind a good sized unpaid board bill at  
the Highland House which was then  
run by Mr. McKeivitt.

bleached white, use Maple City Self

## YOUNG PEOPLE ENJOY A RIDE

Members of the Coterie Club Dance at Crystal Springs.

In the neighborhood of one hundred people took advantage of the excursion given under the auspices of the Young People's Society of Christian Endeavor of the Baptist church last evening and enjoyed a moonlight excursion up the river on the steamer Mayflower. The evening was a most delightful one and the participants were a jolly crowd which was treated to sweet music and chorus singing. Ice cream was served. The merry party returned about midnight and all report a most enjoyable evening.

## Coterie Club Dance.

The Coterie club gave its first up river dance of the season last evening. A large number visited that celebrated pleasure spot, going up on the steamer Columbia. A more favorable evening could not have been chosen, the night being an ideal one for such an occasion. The party danced merrily to the music of Johnny Smith's orchestra until about the midnight hour, reaching home about one o'clock. A jolly evening is the unanimous verdict of the young people.

## SOCIAL FOR SWEET CHARITY

To Be Given For Benefit of Tornado Sufferers

The Young People's society of Christ church will give an ice cream social for the benefit of the New Richmond tornado sufferers next Wednesday evening in vacant lot adjoining the Rexford-Richardson flats on Court street, opposite the park. The Y. M. C. A. band has kindly offered their services and will render several selections during the evening. The undertaking is a most laudible one and should receive the support of all Janesville. Fifteen cents is a small amount yet this sum invested by a number of people will help swell a sum for this worthy cause.

It is made from the grain, and has that rich, soft brown color and taste like the finest grades of coffee and costs about 24 as much. Children like it and thrive on it because it is a genuine food drink containing nothing but nourishment. Ask your grocer for Grain-O, the new food drink. 15 and 25c.

## ANTI-TRUST MOVE INDORSED.

Colorado's Governor Promises to Aid the  
Texas Executive's Plan.

Denver, Colo., June 24.—Gov. Thom-  
as on Friday sent the following letter to  
Gov. Sayers of Texas:

"I have your communication of the  
5th inst, suggesting the expediency of  
a conference of the governors and at-  
torney-general of the United States to  
consider the effect of the formation of  
trusts in the country and agree, if  
possible, on some sort of legislation to  
neutralize the evils resulting from  
their formation and the manner in  
which they conduct their business af-  
fairs. I quite agree with you that the  
exigency demands, if possible, some  
concerted action, and if the character  
of my engagements will permit, I will  
endeavor to attend your conference."

## Cleveland Strike Near End.

Cleveland, June 24.—The strike  
among the employees of the big Con-  
solidated Street railway is in a fair  
way to be settled. The strikers have  
practically agreed to the proposition to  
the company. This proposition allows  
the company to retain 100 of its present  
employees. The strikers have put in a  
clause which says that hereafter, in  
case of any difficulty between the com-  
pany and the employees, the latter shall  
have the right to appoint a committee  
to discuss the grievances.

## Must Pay Cost in Advance.

Springfield, Ill., June 24.—Atty.-Gen.  
Akin has given an opinion to the ef-  
fect that the law passed and approved  
April 4, 1899, is construed by him to  
mean that, except in the cases of poor  
people who are unable to pay costs, it  
is the duty of the circuit clerks to re-  
quire payment of costs in advance be-  
fore or at the time of the commence-  
ment of suits in cases in court com-  
menced on or after July 1, 1899.

Town, fearing trouble between Great  
Britain and the Transvaal. During  
May and June 7,580 persons, chiefly  
women and children, left here.

## LOCAL EVIDENCE.

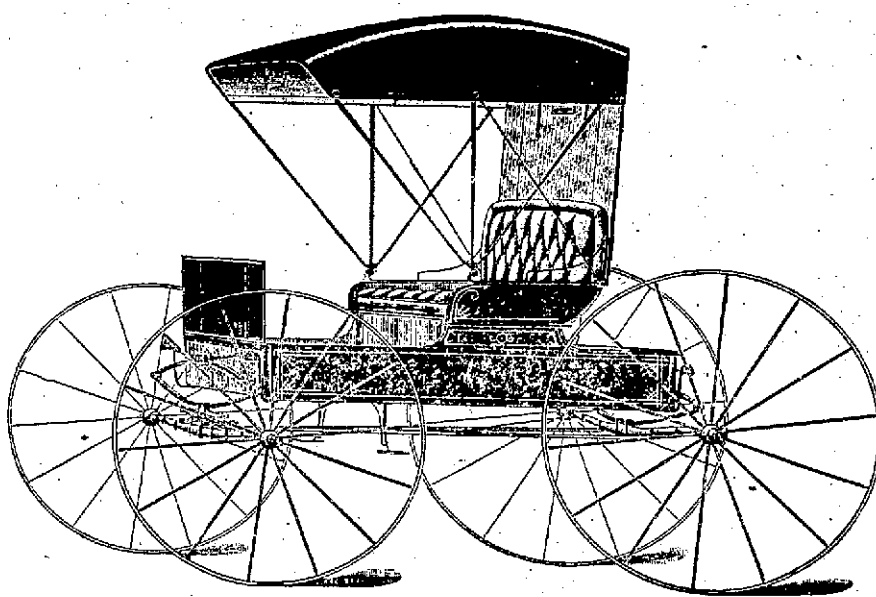

One Line of Janesville Evidence is  
Worth a Column of Foreign  
Testimony.

Make a mental note of this.  
The endorser is well known in  
Janesville.  
His veracity is unquestioned.  
You are reading local evidence.  
Investigating home testimony.  
Janesville news for Janesville peo-  
ple.  
Suspicion can't lurk around it.  
Honesty is its prominent character-  
istic.

Home endorsement is salient point.  
Mr. Thos. Pratt of 281 South Main St.  
says: "I doctored off and on for forty  
years, attempting to rid myself of back-  
ache, which came on by spells, very  
painful when at their height and even  
when somewhat allayed, the dull ach-  
ing grinding was sure to manifest it-  
self, if I overtaxed myself, caught cold  
or did any work which brought a strain  
on the muscles of the back. Often I  
have been so lame and sore that there  
were days I was confined to my room  
almost helpless, certainly unable to get  
up or down. Like a great many other  
people in Janesville I procured Doan's  
Kidney Pills at the Janesville Co's.  
drug store, led to do so by the peculiar  
advertisement which riveted my atten-  
tion. After taking a thorough course  
of the remedy I was able to go to the  
quarry and sling an eighteen pound  
hammer without showing any signs of  
a recurrence. If I am subjected to  
future attacks I know what remedy to  
employ."

Doan's Kidney Pills are for sale by  
all dealers. Price, 50 cents. Mailed by  
Foster-Milburn Co., Buffalo, N. Y. sole  
agents for the U. S.: Remember the  
name Doan's and take no other.

## MILWAUKEE TOO BIG

Milwaukee is a nice little town and its proximity to Chicago has gained it some celebrity. It has likewise attained some fame through the manufacture of a superior article of beer. But Milwaukee is not yet in the national convention class, and its efforts to secure the democratic gathering next year are not likely to prove successful. Political managers have had enough experience with hamlets like St. Louis, Mo., to make them shy of selecting minor cities for national conventions. There is but one convention city and everyone knows where that is located—Chicago Chronicle.

We're glad to know that The Chronicle realizes that Wisconsin's leading city is a "nice town." We are also glad to know that it does not class our Badger metropolis with "Saint Looney, Missouri." We are further pleased to hear that The Chronicle does not favor turning the populist delegates loose in a town of Milwaukee's size—where bad men, mayhap, sell the gold brick, work the nimbler shell, and dispense the glad bunko hand. The Chronicle evidently realizes that the delegates to the next democratic convention will not only be exceeding few, but also more afraid of the cars. Therefore we think The Chronicle's ground is well taken. The pop should be given no opportunity to get burrs in their whiskers, or wickedness in their souls. The men who still stick to silver are liable to walk in their sleep, drink rain water, and change money for the man who wants "two tens for a five." They are likely to look upon the steamboat explosion when it is ripe, as the guest of a long lost nephew. They might tell strangers the time of night, and contract for lightning rods and green goods. Yea, verily might they be led astray, thus wrecking happy, innocent, and confiding lives. They might exchange all their bull calves and other worldly possessions for bitter experience and expensive, saddening education, returning to their homes broken down, broken up, and broke.

Let this not come pass. We add our plea to that of The Chronicle. Milwaukee is too big a city to fill democratic requirements. As far as the popos are concerned there is, as The Chronicle says, "but one convention city, and everyone knows where it is located"—Salt Creek, Alaska, population 234.

## NO POLITICS IN IT.

The Jefferson County Record, democratic, says Judge Dunwiddie was appointed "1. Because he is a republican. 2. Because he was the choice of the republican politicians of Janesville to whom the governor is under obligations. \* \* \* We believe that the appointment of judges should be taken out of the hands of the governor and the politicians. When a vacancy occurs and an immediate election is not possible or practicable the place should temporarily be filled by the supreme court. That would certainly be the better way and insure better results."

The Record is in error. Judge Dunwiddie was the unanimous choice of the Rock County Bar Association. His appointment was not urged by politicians, but by members of the bar exclusively. With perhaps one exception, every man who called on Governor Scofield in Judge Dunwiddie's behalf, was a lawyer. The attorneys of Rock county brought Judge Dunwiddie forward, and politics cut absolutely no figure in his selection. His associates at the bar, recognizing his worth, gave him their support voluntarily—a high honor, it is true, but one that was in every way deserved. Therefore The Record does Judge Dunwiddie an injustice. In no case in Wisconsin's history was an appointment ever made more on the grounds of fitness, and less on lines political.

The Chicago Journal, which in its demands for war a short time ago, made more noise than any other paper in the United States, is now demanding that General Otis be retired. Why not turn the whole matter over to The Journal? What it doesn't know about war is apparently not worth knowing.

Former Governor Stone, of Missouri, has announced that no democrat who does not blow for silver will be admitted to the councils of the popocrats. The

announcement has created no excitement, however, because none of the real democrats have applied for tickets of admission.

Chicago is a progressive city. Bert Cassidy, a well known newspaper artist, has been placed in charge of the dog pound because of the fact that he is a good and humane man, and a scientific dog skelter.

Col. Henry Watterson says he is out of politics and doesn't care what happens so long as it doesn't happen to him. There are many other democrats who feel the same way.

Following closely on the heels of the news of the failure of the peach, peanut and watermelon crops, there again comes the announcement that Willie Tascott has been found.

The czar's peace conference has now reached the stage where the czar feels justified in ordering \$6,000,000 worth of cannons from an American armory.

Under American rule, the revenues of Havana province exceed the expenses, a situation unheard of under Spanish control.

Henry Watterson apparently has abandoned the "Star eyed Goddess" to the tender mercies of one W. J. Bryan.

## PRESIDENT HAS FAITH IN OTIS.

Cabinet Members Say He Does Not Expect a Call for Volunteers.

Washington, June 24.—"In my opinion there will be no call for volunteers to serve in the Philippines," said a member of the cabinet Friday. "I am familiar with all the discussion there has been in administration circles on the subject and I know of the implicit confidence the president has in Gen. Otis. The management of the campaign against the Filipinos has been entirely satisfactory so far as Gen. Otis' conduct is concerned. Of course we would have preferred that it had been completely successful, but Gen. Otis seems to have made no mistakes and has won the president's hearty support."

"I believe that the army in the Philippines will remain at the strength now contemplated, that is 35,000, unless Gen. Otis reconsiders and requests an increase or the president loses confidence in him. So far as I am informed nothing has occurred since the general issued his former estimate that would justify him in asking an increase, and I am quite certain that the president does not contemplate recalling him."

## Luna's Death Again Reported.

Hongkong, June 24.—The New York Journal correspondent cables: "The Filipino junta here admits that it has definite news that Gen. Luna was killed at the headquarters of Aguinaldo in a violent altercation with an officer of the guard. The junta also has information that Aguinaldo will take the field in person, in command of the forces that Gen. Luna led. The death of Luna is deplored as a dire loss to the Filipino cause."

## A Senator Always Paired.

The defeat of Senator Pasco of Florida will remove from the senate a member with a unique record. Senator Pasco has been in congress for twelve years and during that time his record shows that he never voted directly on any question. He has had a chronic pair ever since he took his seat. The reason for this is that Senator Pasco has charge of the pairs on the Democratic side, and it was his duty to see that all the Democrats absent were properly paired. To do this he was almost always obliged to pair himself, not on account of the absence of a Democrat, but out of courtesy to the Republicans. Whenever a Republican was absent and demanded a pair on the Democratic side, Senator Pasco had to furnish it. It became a standing rule in the senate when the roll was called and Senator Pasco's name reached for the little Senator from Florida to rise in his seat and say: "Mr. President, I am paired with the senator from \_\_\_\_\_. If he were present he would vote yea and I would vote nay." The Florida senator, of course, varying the last part of his remarks according to the question. It would have given the tally clerk heart failure if Senator Pasco had ever cast a direct vote.

## Boils and Pimples Give Warning.

AN UNFAILING SIGN THAT NATURE IS APPEALING FOR HELP.

When Nature is overtaken, she has her own way of giving notice that assistance is needed. She does not ask for help until it is impossible to get along without it. Boils and pimples are an indication that the system is accumulating impurities which must be gotten rid of; they are an urgent appeal for assistance.

To neglect to purify the blood at this time means more than the annoyance of painful boils and unsightly pimples. If these impurities are allowed to remain, the system succumbs to any ordinary illness, and is unable to withstand the many ailments, which are so prevalent during spring and summer.

Mrs. L. Gentile, 2004 Second Avenue, Seattle, Wash., says: "I was afflicted for a long time with pimples, which were very annoying, as they disfigured my face fearfully. After using many other remedies in vain, S. S. S. promptly and thoroughly cleansed my blood, and now I rejoice in a good complexion, which I never had before."

Capt. W. H. Dunlap, of the A. G. S. R. T., Chattanooga, Tenn., writes: "Several boils and carbuncles broke out upon me, causing great pain and annoyance. My blood seemed to be in a riotous condition and nothing I took seemed to do any good. Six bottles of S. S. S. cured me completely and my blood has been perfectly pure ever since."

S. S. S. FOR THE BLOOD

is the best blood remedy, because it is purely vegetable and is the only one that is absolutely free from potash and mercury. It promptly purifies the blood and thoroughly cleanses the system, builds up the general health and strength. It cures Scrofula, Eczema, Cancer, Rheumatism, Tetter, Boils, Sores, etc., by going direct to the cause of the trouble and forcing out all impure blood.

ANNUAL MEETING OF  
MEDICAL SOCIETYDOCTORS WILL GATHER HERE  
NEXT WEDNESDAY.

Most Important in the History of the Association—Subject Will be "Criminal Abortion," to be Discussed From Moral, Legal and Physical Points of View—General Invitation.

The next and most important meeting in the history of the Central Wisconsin Medical Society will be held in this city next Wednesday, June 28th, beginning at 10 o'clock in the morning.

The meetings will be held in the rooms of the Caledonian society and the public in general, especially those interested in the discussions, are cordially invited to be present as questions of vital importance are to be dealt with in an enlightened manner by not only prominent physicians of central Wisconsin, but by divines and legal lights of repute, as well.

The program of the Janesville meeting involves something of a new departure. The paper of Dr. Evans, of La Crosse, at the last meeting, on the subject of "Criminal Abortion," gives rise to such a warm and animated discussion that the program committee has thought best to ventilate the subject still further and on a broader basis. Accordingly they have invited some most distinguished representatives of "the law and the gospel," as well as some of the most eminent specialists of Chicago to take part in the discussion. The subject will thus be approached from different standpoints and there will be mutual aid in the solution of this difficult problem and an honest effort will be made to mould public opinion and to strengthen the sentiment, both within and without the medical profession, in opposition to one of the greatest dangers threatening the life of the nation. This subject will be one of the most important of the day and will be handled from moral, legal and physical points of view and will occupy the entire forenoon. The subject will be handled from the standpoint of the clergyman by Rev. A. C. Smith of this city, and Rev. G. B. Leavitt of Beloit; from the standpoint of the lawyer by Hon. M. G. Jeffris and Senator John M. Whitehead of this city; from the standpoint of the doctor by Dr. Henry T. Byford of Chicago, and Dr. W. H. Earles of Milwaukee.

At 1:30 o'clock in the afternoon a banquet will be given at the Grand hotel. Dr. J. B. Whiting will act as toast master.

The following is the program of the afternoon session:

The annual election of officers will take place at the beginning of the afternoon session.

1. Annual election of officers.
2. True Surgery vs. Unsurgeon Follies, Delusions, and Inconveniences. Dr. J. A. Jackson, Madison. Discussion by Drs. Edward Evans, La Crosse; T. N. Miller, Rockford, Ill.; J. A. Allen, Rockford, Ill.
3. The Common Abnormalities of Urine and Their Practical Import. Dr. W. B. Helm, Rockford, Ill. Discussion by Drs. D. J. Hayes, Milwaukee; S. R. Moyer, Monroe; M. T. Martin, Merrimack.
4. Eclampsia. Dr. S. B. Buckmaster, Janesville. Discussion by Drs. L. F. Bennett, Beloit; S. W. Lacey, Footville; J. W. Keithley, Orlinville.
5. The Gargle. Dr. J. F. Thorne, Janesville. Discussion by Drs. P. L. Marley, Rockford, Ill.; J. M. Evans, Jr., Evansville; E. H. Townsend, New Lisbon.
6. Paper: Dr. F. H. Edsall, Madison. Discussion by Drs. J. Noer, Stoughton; J. F. Pamber, Janesville; W. H. Judd, Janesville.

The local committee of arrangements are doing all within their power to make the sojourn of their brother members of the profession a pleasant one and it goes without saying that their efforts will prove successful. The following named are members of that committee: Dr. J. B. Whiting, Dr. J. F. Pamber, Dr. W. H. Judd, Dr. J. P. Thorne, Dr. M. A. Cunningham, Dr. George H. Fox and Dr. James Mills.

The citizens of Janesville should attend the sessions, especially the one in the morning. They will gain practical knowledge by so doing and the insight will be elevating and instructive.

## PRAISE JUDGE DUNWIDDIE

## Edgerton Reporter

Last Saturday evening Gov. Scofield appointed Benj. F. Dunwiddie, the Janesville attorney, to the circuit judge vacancy created by the death of Judge Bennett. The selection is very gratifying, not only to the bar, but to the people of Rock county as well, who very generally endorsed his appointment. He is believed to be well fitted for the high office, being possessed of what lawyers term a judicial temperament and an unimpeachable character. We are very confident he will make an honorable record on the bench.

## Albany Vindicator.

B. F. Dunwiddie, of Janesville, succeeds the late Judge Bennett, as judge of the Twelfth judicial circuit. Mr. Dunwiddie is a native of this county, having been born in the town of Decatur in 1848, and is a nephew of B. Dunwiddie, who for so many years was county judge of Green county. He is a successful lawyer, commanding the respect and esteem of all who know him, and his appointment is received with general satisfaction. His term will expire Jan. 1, 1901, and his successor will be elected next April. Judge Dunwiddie opened the June term of court at Monroe Tuesday.

## Evansville Review

B. F. Dunwiddie of Janesville, was appointed by Governor Scofield to fill the unexpired term of the late Judge Bennett. Mr. Dunwiddie was unanimously recommended to the governor by the Rock County Bar Association and will no doubt fill this important position with credit to himself and honor to the fraternity.

## Brookfield Independent

Dunwiddie, of Janesville, to fill the vacancy caused by the death of Judge Bennett. \* \* \* He is a man well known here and his appointment gives pleasure to a host of friends. THE MEN OF THE GRIP  
MADE MERRY TODAYUNITED COMMERCIAL TRAVEL-  
ERS AT A PICNIC.

Fats and Leans Played Ball, the Athletics Met in Competition, and All Hands Joined in a Cake Walk and the Discussion of a Picnic Dinner.

Janesville Council No. 108, of the Order of Commercial Travelers of America and their friends are making merry today at Idlewyle Park. This is their annual picnic and according to all accounts the best of any yet held. The first boat left the Mayflower dock at 10 o'clock for the park, having on board a large crowd of local traveling men and families and also a good many visiting brethren of the order. The picnic lunch basket was very much in evidence and it all the good things contained in them were made away with today the hotels will not have much trade in the next few days.

Johnny Smith's orchestra was also in attendance and played on the boat and at the picnic grounds.

At 12:30 dinner was disposed of—after which the games were the principal objects of interest. There was foot racing, pole climbing and kindred sports and a game of baseball between the Fats and the Leans, captained by John F. Sweeney and W. W. Porter.

At 5:30 the entire company indulged in a cake walk.

The traveling men's picnics are always good but today's eclipses all other efforts.

## What a Cool!

Some of Sir Wilfrid Lawson's tenants were being entertained one day at dinner. There was plenty of aerated water and milk for them, but nothing stronger. One of the farmers, who knew by experience what to expect, had provided himself with a flask of rum, and, unknown to a brother farmer, poured a generous quantity into the glass of milk which his neighbor had elected to drink. In due time the unsuspecting farmer put the glass to his lips, and seemed to enjoy it, so that he never stopped till he finished it. Then he turned to his friend and remarked: "Heh! man Tammas, what a cool!"

The state of New Jersey is in danger of getting itself disliked through its apparent willingness to establish a monopoly of the trusts.

## GOVERNOR MOUNT TO RETIRE. ARMOUR'S WORKMEN GO OUT.

Repeats His Expressed Determination to Drop Politics.

Indianapolis, June 24.—Refer to a reported statement that he had retired from politics at the close of his official term, Gov. Mount said: "I have repeatedly said, I expect to retire to the quiet of my country home as soon as my present term of office expires, and such is now my intention. I stated during the senatorial campaign of last winter that I was not a candidate for that office and would be, and I am not now nor do I ever again to ask political preferment."

"My experience in office has been pleasant in many regards and has the highest appreciation of many friends who have indicated desire to have me continue in public life. I have said to them I have no other political ambitions and would come the day when I was relieved of official duties and could return to the pleasures of a private life. My ambition now looks in the direction of a life of quietude and in such a life the full measure of enjoyment that does not belong to political aspirations."

Washington, June 24.—Secretary Gage attaches no importance to the engagement at New York of \$4,000,000 in gold for export. "It is a mere incident," he said. "It is probable that the exportation of the gold will be paid to Spain in the settlement of our treaty obligations disturbed by equilibrium somewhat and has necessitated some considerable shipment to again restore the normal conditions of exchange."

## Order of Americans.

Minneapolis, Minn., June 24.—The national council of the Order of American Mechanics held its thirty-first annual session. He order decided to change its name to Order of Americans. The adoption of the new name will not be a certainty until all the state councils have voted, but there is little doubt that they will all vote to adopt it. ## Three Are Blown to Pieces.

## Look for Serious Trouble.

Chicago, June 24.—Nearly 300 men joined the ranks of the stock yard strikers Friday, making the force that is now out about 600, and the strike fever is on the increase. The first establishment to be seriously crippled was Armour & Co.'s pork packing house. The "shacklers," the men who shackle the hogs in the killing department, went out at 9 o'clock, and after that hour not a hog was killed in the house. With the "shacklers" went the "shavers." The "shacklers" demand \$2.75 a day and the "shavers" \$2.50, being an increase of 25 cents in each department. This is the same advance as demanded by the platform men and truck handlers.

Superintendent Miller of the International Packing company said he expected to see a general strike in the yards, growing out of the present trouble. Everywhere the men have been discussing the situation and they are practically agreed on demanding an increase in wages. They say their wages were cut 10 per cent in 1893 with a promise that the old rate would be restored. Some of the packers say they are willing to restore the old rate now, but that an increase of 25 cents a day would be more than 10 per cent in most of the cases.

They say that he is in such poor health that a residence in the high altitude of Colorado is necessary.

## Chancery Suit Against LaPorte.

Indianapolis, Ind., June 24.—A bill of chancery was filed in the Federal court here today against the city of LaPorte by the Gamewell Fire Alarm Telegraph company. LaPorte recently put in the Gamewell system, but was prevented from paying for it because it had reached the constitutional limit of municipal indebtedness. The company cannot recover its property nor enforce payment under the state law, hence the appeal to the Federal court.

## Gates Not Out for Senator.

New York, June 24.—John W. Gates, president of the American Steel and Wire company, in discussing his rumored senatorial aspirations, said: "About that Illinois United States senatorship?
